MOBILE MODULAR STORAGE SYSTEM

GUARANTEED TOUGH:

www.DEWALT.com
A MOBILE, MODULAR STORAGE SYSTEM THAT ALLOWS YOU TO QUICKLY AND EASILY CHANGE THE COMBINATION OF TOOLS YOU TAKE TO WORK.

CUSTOMISATION
ToughSystem® products can be configured to meet your needs with a variety of modules from toolboxes to organisers, totes and a jobsite radio.

ACCESSIBILITY
Unique patented brackets allow any unit to be mounted or removed independently of the rest. All modules can easily be stacked together using the side latches.

MOBILITY
Take your tools anywhere with this modular, mobile storage solution. From your workshop, to your van, to the jobsite, DEWALT's ToughSystem® has you covered. Take your ToughSystem® modules from your workshop and easily load into the crash-tested Van Racking Solution. This solution can easily be self-assembled and customised for your storage needs. Once on the jobsite, the ToughSystem® Carrier features 21.5 cm heavy-duty rubber wheels, allowing easy manoeuvrability on rough terrain.

DURABILITY AND SECURITY
Offering the ultimate in toughness and high-impact protection, the ToughSystem® features rust-resistant metal latches for lockable security with an IP65 rating for water and dust resistance. The Carrier also includes a unified locking system to secure all modules with a one-handed operation.
We test the DEWALT TOUGHSYSTEM® storage family under real life conditions. Raw materials are tested to meet quality and product specifications. All testing is performed according to international standards. An uncompromising quality process ensures that the final product gives excellent performance.
**Heavy-duty bi-material handles** provide a comfortable grip.

**Side handles** offer alternative lifting and easy manoeuvrability.

**Thick reinforced structural foam outer casing** for high-impact protection.

**Rust-resistant metal latches** for durability.

**New**

**New**

**DS 290 2-DRAWER MODULES**

**DWST1-80123**
- 554 x 340 x 307mm
- Maximum load capacity 10Kg per drawer
- Volume capacity: 26L

Features two deep water seal drawers for power tools and hand tools.

**NEW**

**TOUGHSYSTEM® ORGANISER**

**DWST1-75522**
- 553 x 350 x 116 mm
- Maximum load capacity 20Kg
- Volume capacity: 9L

Features a transparent polycarbonate lid and 12 removable cups. These cups are locked by the lid to ensure no small parts drift between them.

**DS 280 TOTE**

**DWST1-75654**
- 555 x 325 x 277 mm
- Maximum load capacity 20Kg
- Volume capacity: 29.5L

Open tote with large front window for access even when the product is stacked between modules.

**DS 295 3-DRAWER MODULE**

**DWST1-80155**
- 554 x 340 x 307mm
- Maximum load capacity 7Kg per drawer
- Volume capacity: 26L

Features two deep water seal drawers for power tools and hand tools.

**NEW**

**DS 280 TOTE**

**DWST1-75654**
- 555 x 325 x 277 mm
- Maximum load capacity 20Kg
- Volume capacity: 29.5L

Open tote with large front window for access even when the product is stacked between modules.

Features two deep water seal drawers for power tools and hand tools.

**NEW**

**TOUGHSYSTEM® 4 IN 1**

**1-70-349**
- 508mm x 660 x 1092 mm

Full system folding trolley coming with the DS150, DS300 and DS400 toolboxes to carry up to 120Kg of payload.
A pressure relief valve enables equalisation of the pressure inside and outside the unit.

When carrying the toolboxes by hand, they can be fastened together, allowing them to be carried as a stack.

Padlock eyes provide lockable security.

A high performance seal in the lid ensure they are dust and water resistant to withstand severe weather.

Features a lid insert to carry drill bits and small components, plus interior cups for small parts storage, which are removable to make it suitable for carrying tools.

Features a removable tote tray for small tools and accessories.

Extra deep toolbox for storage of large tools and materials, features a tote tray and removable vertical organiser to ensure easy access to small parts and tools.

Features a removable tote tray and a patented lid opening mechanism which allows for maximum storage volume with a non-removable lid.

Features a lid insert to carry drill bits and small components, plus interior cups for small parts storage, which are removable to make it suitable for carrying tools.

Features a lid insert to carry drill bits and small components, plus interior cups for small parts storage, which are removable to make it suitable for carrying tools.

This commercial-grade cooler is a must-have on the jobsite. In addition to 5 day ice retention rate, the cooler conveniently holds 2 cans on the top lid along with an integrated bottle opener.
MUSIC + CHARGER
Waterproof compartment for personal items, cables and phones. Features USB charger and AUX connection.

6 FM preset channels + Bluetooth® connectivity to remotely control your music.

Premium sound for worksite listening 4 full range tweeters + 1 subwoofer + 1 assisted bass resonator.

Unit runs off AC power or 10.8V /18V XR DEWALT® battery. (Battery not included)

3.5mm Aux. input and 5V/1A USB charger

**TOUGHSYSTEM®**

**DS CARRIER**

1-70-324
- 681 mm x 235 mm x 955 mm
- Maximum load capacity of toe-plate 120kg
- Maximum load capacity of toe-plate when using stairs 79kg

**DS CARRIER BRACKETS**

1-70-362
- 128 mm x 340 mm x 415 mm
- Maximum load capacity 50kg

Adjustable folding brackets for mounting ToughSystem® modules to DSCarrier. Also compatible with ToughSystem® Workshop and Van Racking.

- Central locking mechanism secures the units to the frame and can be padlocked.
- Height adjustable, foldable brackets allow for tailored configuration. Additional pairs of brackets (1-70-362) are available for when you wish to carry more than 3 units.
- 21.5cm Heavy-duty rubber wheels.
- Wide track, semi-pneumatic tires allow for additional stability, easy movement and no tire maintenance.
- The toe-plate is foldable for storage and can carry a maximum load of 120kg. Maximum load capacity of toe-plate when using stairs is 79kg.
CARRIER
TOUGH SYSTEM®
WORKSHOP RACKING

DWST1-75694
WORKSHOP RACKING
WITH ORGANISER

- 329 mm x 650 mm x 1806 mm
- Maximum load capacity 200kg
- Load capacity per pair of brackets 30kg

EACH PACK INCLUDES:
1.8M metal bars
2 horizontal beams
5 pairs of brackets (for toolbox and/or shelf)

This modular workshop racking solution allows users to store and organise their ToughSystem® units in a variety of ways, allowing them to modify the workshop to meet their needs.
DEWALT® warrants this product for its useful life (not to exceed one year or 30,000 km / 22,300 miles for products with electrical or electronic components and products installed in a vehicle) against deficiencies in material and workmanship. This WARRANTY does not cover products that are improperly used, abused, altered or repaired, or that have been involved in a vehicular accident. Deficient products will be replaced or repaired except in the case stated above. Please visit www.DEWALT.com to activate your warranty and to get additional information.

**TOUGH SYSTEM® VAN RACKING**

**DWST1-81042 LOW VAN RACKING**
- Min. 90cm
- Max. 160cm
- Comes with 3 pairs of brackets

**DWST1-81045 HIGH VAN RACKING**
- Min. 160cm
- Max. 210cm
- Comes with 4 pairs of brackets
- Maximum load capacity 68kg
- Load capacity per pair of brackets 20kg
- Compatible with ToughSystem Modules: DS150, DS300, DS400,

This crash-tested, self-assembled van racking solution is a modular storage system that allows users to quickly and easily change the combination of tools they are working with. This unit comes in two sizes to accommodate both low and high vans. Most ToughSystem® units are compatible with this racking system, making it easy to customise your storage solution on the go. Each rack can carry up to 68kg, to accommodate those heavy power tools. This space-saving design allows for the brackets to easily fold out of the way when not in use.
